

Leo Nicoll, SJ
70 Years as a Jesuit

The Society of Jesus blessed me with acceptance, community, spiritual guidance and an excellent education in a number of areas. The Society provided me with an opportunity to teach history in three Jesuit colleges for some 43 years where I was able to get to know and somewhat help hundreds of young persons.

When my ability to teach faded, the Society provided me with a comfortable retirement, excellent health care, and an opportunity to help other retired Jesuits. When I die, my fellow Jesuits will pray for me and give me a fitting burial. I hope the merciful God allows me into God's Kingdom.
