

John Willmering, SJ
50 Years in the Priesthood

I thank God that for 50 years, more or less, I've had the privilege and joy of serving God's people in Honduras and elsewhere as a priestly minister of the Good News. And I'm grateful to the people of Honduras who have treated me so well those many years. At the same time, it shames me that here in the U. S. we are not willing to receive foreigners fleeing from injustice, violence, criminal politicians and those who collaborate with them.
