

Jesuits with an allegation of an offense against a minor (anyone under the age of 18) that could not be fully investigated to determine credibility, but for which there is a reasonable possibility (semblance of truth) that the alleged offense occurred. These are deceased or former Maryland Province Jesuits or deceased or former Jesuits from another Province whose alleged offense took place in the Maryland Province. Reasons a full investigation would not be possible include that the allegation was brought forward after the death of the Jesuit or that historic information on the allegation is incomplete.
